) CASE NO. 10360

O R D E R

KRS 278.020(5) requires the Commission to act upon applications for approval of a sale or transfer of a utility within 60 days of a filing of the application for approval unless the Commission and the person acquiring the utility mutually agree to waive this requirement. Under the terms of this statute, the Commission must act no later than October 25, 1988 on the application of Naydine White, who is seeking approval of her acquisition of the water distribution system of Kenvir Water Works, Inc.

On October 24, 1988, Ms. White formally offered to waive this requirement. As the Commission believes that additional time is needed to adequately evaluate Ms. White's application, it hereby ORDERS that her offer to waive the 60 day requirement be accepted.

Done at Frankfort, Kentucky this 24th day of October, 1988.
